### 3 5 2 Soccer System

The 3-5-2 formation has a number of strengths that make it a very attractive option for any coach looking to play attacking football. While other teams that play three at the back can be overwhelmed or overrun on the flanks, by playing five in midfield the formation largely mitigates these risks.

### 3-5-2 Formation - The Ultimate Coaching Guide

The 3-5-2 formation in soccer needs skilled and calm midfield to pass the ball and create attack through possession. Two outside players (RM & LM) in 3-5-2 soccer formation are used to make frequent runs forward and support the attack with crosses. These two players need to be quick, skilled and confident to take players in a 1v1 situation as well as provide accurate crosses to the forwards.

The 3-5-2 or 3-4-3 Formation: According to the excellent Inverting the Pyramid by Jonathan Wilson, the 3-5-2 was an evolution of a system employed mainly in Italian football, which focused on zonal defending and the employment of a sweeper behind the central defence. Indeed, many early interpretations of three at the back were seen as effectively a back four, with a free player or sweeper behind – this included the Argentinian World Cup winning team of 1986, which saw José Luis Brown ...

The 3-5-2 set consists of three defenders: a left fullback, right fullback and a sweeper (or center fullback). These three defenders must stay tightly together, no more than 10-25 yards apart from each other at all times. They form a slight triangle, with the sweeper nearest his own goal.

## **Soccer strategy: breaking down the 3-5-2 set | ACTIVE**

3-5-2 is not the most common system of play in the world, but it is very useful to teach. The roles, the positions are given and this means that the responsibility for each other is there between the players. It is a very flexible formation as you can have two stronger strikers or two smaller but with better technical skills.

The 3-5-2 is a formation that aims to control the center of the field. It does this by stacking two lines of 3 on top of each other. If these lines start to get too far away from one another or if players fail to stay within them, control of the center is lost. Now let's get to the wingbacks and how they should defend.
