powered for many uses, but the 580EX II's significant power advantage can become important when using a flash modifier such as an umbrella, softbox or diffuser - or bouncing light off a high ceiling.

### **Canon Speedlite 580EX II Flash Review**

Flash Power and Guide Numbers. The flash guide number (GN) is a useful indicator of the power of a speedlite. In general the larger the GN number the more powerful the flash but this isn't always the case as in order to compare two speedlites the parameters have to be the same (i.e. full power, ISO ISO and the same focal length, 35mm is used as the standard)
