First Course In Turbulence. by. Dean Young. 4.31 · Rating details · 235 ratings · 18 reviews. Finalist for ForeWord Magazine 1999 Poetry Book of the Year. With rapid shifts between subject and tone, sometimes within single poems, Dean Young's latest book explores the kaleidoscopic welter of art and life. Here parody does not exclude the cri de coeur any more than seriousness excludes the joke.

### First Course In Turbulence by Dean Young - Goodreads

A First Course in Turbulence - Chapter 1. Edit. Classic editor. History. Comments Share. Tennekes and Lumley (subsequently written as TL) introduce the topic of tubulence in the book by pointing out that most flows in nature and engineering applications are turbulent. Laminar flows are the exception, not the rule.
