text, another person contributing ideas has an effect on the final text that justifies calling both the relationship and the text it produces collaborative.

Collaborative Writing: Definition and Examples

Collaboration helps students understand writing as a public, communal act, rather than as a private, isolated one. Many students write papers that make sense to them but that aren't clear or persuasive for others. Peer reviewers help students to understand that they aren't writing for themselves, but for readers.

Collaborative Learning/Learning with Peers | Institute for ...

This study investigated the effect of repeated in-class web-based collaborative writing tasks on second language writers' (L2) individual writing scores. A pre-test post-test research model was used in addition to participant surveys, class observations, and teacher interviews.
