In the United States,  
antitrust law is a  
collection of federal  
and state government  
laws that regulate the  
conduct and  
organization of  
business corporations  
and are generally  
intended to promote  
competition for the

business that we might want to support.

Government has sovereign power and may exert economic power; businesses may have economic power.

Antitrust, or competition law, is designed to constrain private economic power, and in some jurisdictions, it constrains government misuses of economic power as well.
