Ayn Rand And The World

As the author says, "so emerged the three dimensional world of Ayn Rand, where idealized characters take the measure of reality and often find it needs correcting." Rand was an avowed atheist – an incident during her childhood led to her belief – she considered God to be an “oppressive, inscrutable, unjust and alien deity.”

Rand herself is often called “right-wing.” And her most famous defender, Alan Greenspan, was a consultant to Republicans and was nominated to chair the Fed by President Reagan. Anne Heller, author of Ayn Rand and the World She Made, has called Ayn Rand “ perhaps the most important communicator of conservative ideas to the American people.”

Myth: Ayn Rand Was a Conservative, The Atlas Society | Ayn ...

Heller's Ayn Rand and the World She Made reports both with unblinking thoroughness. She confirms what one surmises from the novels and essays themselves: that Rand was a brilliant but repulsive person, who inveighed against tyranny but was a tyrant, and who demanded loyalty from the disciples of her philosophy of individualism and independence, oblivious to the stark paradox involved.
