Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Cane Toads The Conquest

There is real environmental science to be learned here, to be sure, but Cane Toads: The Conquest treads this ground lightly, offering an easily digestible sprinkling of facts that could comfortably be crammed into a fifteen minute PowerPoint session.

Cane Toads: The Conquest (2010) - IMDb

Cane Toads: The Conquest, a 2010 documentary film by Mark Lewis, tracks the inexorable decades long march of the invasive cane toad across Australia, a "sequel of sorts" to his 1988 cult classic, Cane Toads: An Unnatural History. It is described as an "irreverent" blend of "history, nature footage, re-enactments and colorful testimony," documenting what is widely considered to be one of ...

Cane Toads: The Conquest - Wikipedia

Mark Lewis (Cane Toads: An Unnatural History) explores one of Australia's greatest environmental catastrophes as he follows the unstoppable march of the cane toad across the Australian continent. Despised by many, venerated by some, the toad has occupied a nation's consciousness achieving both cult and criminal status.
