Actually that's a fair statement to make. Demon Seed was originally written in the 70's and then thirty years later was completely re-written. The story and plot remains the same but what Koontz has done is move the novel into the 21st century with modern day references to the internet and actresses of the new generation. He has also very cleverly re-written the novel from entirely one perspective, that of Adam 2, rather than the first novels' dual perspectives of Adam 2 and Susan.

The final, is Demon Seed... surely the most bizarre of Koontz's works, features an intelligent computer that takes hostage a woman in her own house. The story is difficult to explain without giving much away, but does include the topic of impregnation of the woman by the computer...and well...it IS a very odd story.
