There are a few paid-for books though, and there's no way to separate the two

Fourth Edition An Introduction Accounting

This revised and fully updated edition continues to provide students with a clear and well-structured introduction to financial and management accounting. The fourth edition retains all of the classic features that have contributed to the book's success: clarity of expression, the focus on the accounting equation, student activities and real-life commentaries running through each chapter, and the inclusion of the Safe and Sure Annual Report as a real world example of a listed company.

Financial and Management Accounting: An Introduction (4th ...

Financial Accounting: An Introduction does not simply teach the accounting standards; it demonstrates that accounting is about "how to" as well as "why to" record and report information in a way that engages directly with Generation Y students. The book uses a narrative approach to tell the story of accounting as each accounting concept is introduced through a problem to be solved by the character, a young Capetonian entrepreneur.
