MAKING THINKING - Harvard University

Connection Making. We identified four sub-components or thinking moves that represent distinct phases of increasing sophistication in the process of making connections. At a foundational level, we begin to make connections by activating our prior knowledge and schema around a topic.

Understanding Thinking — Ron Ritchhart

Overview. We define “Cultures of Thinking” (CoT) as places where a group’s collective as well as individual thinking is valued, visible, and actively promoted as part of the regular, day-to-day experience of all group members. Drawing on previous research by Ron Ritchhart (2002), the CoT project focuses teachers’ attention on the eight cultural forces present in every group learning situation, which act as shapers of the group’s cultural dynamic and consist of language, time ...
